

# POSITION VACANT

## Mechanical Supervisor

### Fire Northern

An opportunity has arisen within Form1 Fire for a motivated and experienced person to oversee the operations and performance of the Passive Fire, Portable and Wet Technicians in the Northern Branch.

You will be responsible for day-to-day management of the portables, passive and plumbing services, providing accurate technical support for clients and staff, and communication with clients and other stakeholders to ensure service is delivered to the highest possible standard.

What you will focus on in this role

- Leading and managing a team of technicians in the testing and maintenance activities of Passive Portable and Wet works
- Engaging with and briefing subcontractors on their scope of works for maintenance and optimisation
- Monitoring and ensuring all warehouse stock-levels are adequate to meet supply and demand of team
- Working with our clients to resolve any issues with the view to achieving a win-win outcome
- Offer technical support for the preparation of quotes and invoices
- Reviewing client and supplier field quality procedures and processes and brief technicians

To be considered for this opportunity you will require;

- 5 years' experience in the fire protection industry.
- A passion for the industry, WHS and Form1
- Ability to provide technical support to the team for a wide range of passive and portable equipment issues.
- Strong communication skills that are client centric
- Excellent understanding of relevant Australian Standards and the BCA
- Attention to detail and problem-solving abilities
- Ability to lead and grow the team
- Strong organisational skills
- Patience and flexibility
