

HVAC Operations Manager | Form1 AIR

Artarmon, NSW

Twenty four years ago, we started Form1. Back then we were a small and ambitious team of Australian fire protection specialists. When you meet us today you'll discover a confident group of businesses, strategic management leaders, and experienced technicians and safety specialists, working across multiple branches in NSW and the ACT.

At Form1 our intention has always stayed the same – we are passionate about people and serious about safety.

About the role

This permanent, full time opportunity will see you based from our Artarmon office and working across a large customer base of clients including Residential Aged Care, Hospitals, Commercial, Retail, Education, and Government across the Sydney Metropolitan area. As the HVAC Operations Manager you will be responsible for the day to day operation of the Form1 AIR Sydney division. Duties will include:

- Leading & mentoring a team of technicians;
- Quoting & estimating work for commercial and industrial projects;
- Responsible for AFSS completion and compliance;
- Adhering to budgets and complying with financial reporting

About you

We are after an individual who will lead, motivate and mentor the Form1 AIR team into the future. You will be highly motivated and proactive in your approach to running the AIR division and in the manner in which you attract and maintain our loyal customers. Other role requirements include:

- Trade and/or professional qualification in either Mechanical, Electrical or Hydraulics;
- Experience in managing/supervising the delivery of trade services;
- Experienced in costing and quoting HVAC jobs
- Strong communication and presentation skills;
- Ability to interpret BCA, Australian Standards at a high standard
- Strong IT skills across Word, Excel, Power Point, Outlook, and systems such as SimPRO (highly desirable),
- Current SafeWork NSW construction induction card and driver's license
- Certificate III or higher in air conditioning and refrigeration;
- Full Arctick Refrigerant Handling Licence;
- FPAS Fire Safety Assessment Accredited Practitioner highly desirable

What we will provide

- A highly supportive culture and career advancement;
- All the perks including vehicle, fuel card, etag, mobile phone, laptop and a monthly RDO;
- A variety of other attractive benefits that will be discussed at the interview.

As a business we live for strong relationships and create a community that feels the same. If you join our team you'll be trained to do the job well, look after your teammates and be passionate about our clients. Every day

we'll make you feel at home and inspire you to be your best. We have a strong, close knit and supportive culture and know with the right opportunities and benefits our people have the ability to thrive.

If you're as passionate about people and serious about safety, let's talk.
